Chapter I—Federal Power Commission

[Order 138; Docket No. R-103]

PART 01—ORGANIZATION

PART 02—COURSE AND METHOD OF OPERATION

PART 03—SUBSTANTIVE RULES, GENERAL POLICY AND INTERPRETATIONS

PART 1—RULES OF PRACTICE AND PROCEDURE MISCELLANEOUS AMENDMENTS

JUNE 16, 1947.

In this proceeding the Commission has under consideration amendments to Part 01—Organization, Part 02—Course and Method of Operation, Part 03—Substan-

tive Rules, General Policy and Interpretations, and Part 1—Rules of Practice and Procedure, of the Commission's General Rules, published as Subchapter A of Chapter I, Title 18, Code of Federal Regulations,¹ pursuant to authority vested in the Commission by the Federal Power Act, particularly sections 209 and 309 thereof (49 Stat. 853, 858; 16 U. S. C., Sup. 824h, 825h), and the Natural Gas Act, as amended, particularly sections 16 and 17 thereof (52 Stat. 830, 15 U. S. C., Sup. 717o, 717p).

General public notice of the proposed amendment of the General Rules has been given by publication of notice in the FEDERAL REGISTER on May 2, 1947 (12 F. R. 2960-2966), and by mailing notices to interested persons and State and Federal regulatory agencies. In response to the notice comments were filed containing a number of helpful suggestions for changing and clarifying the language of certain of the amendments proposed; but no comments or objections were filed as to most of the proposed amendments.

Upon consideration by the Commission of the various proposed amendments, comments and suggestions, and the experience acquired to date under the General Rules (including Rules of Practice and Procedure) as prescribed and made effective September 11, 1946 by the Commission's Order No. 132 (11 F. R. 177A, pp. 487-509), the adoption, promulgation and prescription of amendments appear necessary and appropriate for clarifying and improving the General Rules, the Commission's organization, its course and method of operation, and the practice and procedure before it.

In view of the general public notice given of the proposed rule making in this matter and in order to permit early publication in pamphlet form of the Commission's rules of general applicability and effect contained in Chapter I, Title 18 of the Code of Federal Regulations, effective as of July 1, 1947, it is appropriate that the amendments herein adopted and prescribed, become effective and be applicable to proceedings before the Commission initiated on or after July 1, 1947.

The Commission therefore finds that:

(1) Amendment of its General Rules as herein adopted, promulgated and prescribed is necessary and appropriate for carrying out the provisions of the Federal Power Act and the Natural Gas Act, as amended.

(2) It is appropriate that its general rules, as herein amended, be made effective as of July 1, 1947.

Wherefore, the Commission orders that:

(A) Its general rules be and the same are hereby amended to the extent of adding certain new sections and amending certain existing sections, as listed below, of Part 01, Part 02, Part 03, and Part 1 of Subchapter A of Chapter I, Title 18, of the Code of Federal Regulations, so that the said sections read as

§ 1.1 The Commission. * * *

(c) *Sessions.* The Commission meets and exercises its powers in any part of the United States. * * *

(3) *Special.* Special sessions of the Commission for consultation, or for the transaction of business, may be held at any time and place as may be scheduled by the Commission.

(f) *Definitions.* As used in this part, except as otherwise required by the context * * *

(13) *Interveners.* Persons petitioning to intervene as provided by § 1.8, when admitted as a participant to a proceeding, and State Commissions giving notice of intervention as provided in said section, are styled interveners. Admission as an intervener shall not be construed as recognition by the Commission that such intervener might be aggrieved by any order of the Commission in such proceeding.

§ 1.4 Appearances and practice before the Commission—(a) Appearances. * * *

(4) Any person appearing before or transacting business with the Commission in a representative capacity may be required by the Commission or the presiding officer to file evidence of his authority to act in such capacity.

§ 1.6 *Complaints and orders to show cause—(a) Informal complaints—(1) Form.* Informal complaints may be made by letter or other writing, and will be filed as received. Matters informally presented will, if their nature so war-

rants, be taken up by correspondence or conference with the party or parties complained of in an endeavor to bring about satisfaction of the complaint without formal hearing.

(2) *Substance.* No form of informal complaint is prescribed but in substance it should contain the name and address of complainant, the name and address of the party against whom the complaint is made, and a brief statement of the facts forming the basis of such complaint. Although the filing of an informal complaint is without prejudice to complainant's right to file a formal complaint, only formal complaints submitted and prosecuted in the manner prescribed in this section will initiate formal proceedings or make complainant a party to any proceedings already initiated, and only formal complaints will be admitted in the record of formal proceedings. It is desirable that the informal complaint be accompanied by sufficient copies to enable the Commission to transmit one to each party named and to each interested State commission, and retain one for its own use, and it may be accompanied by supporting papers.

(b) *Formal complaints—(1) Form.* Formal complaints shall be in writing and under oath and shall conform to the requirements of §§ 1.15 and 1.16. In such complaints there shall be stated the names and addresses of all parties, complainant and defendant, in full without abbreviations, with the name and address of each complainant's attorney, if any.

(2) *Substance.* Formal complaints shall be so drawn as fully and completely to advise the parties, defendant and the Commission of the facts constituting the grounds of the complaint, the provisions of statutes, rules, regulations, and orders relied upon, involving authority of the Commission, the injury complained of, and the relief sought.

(c) *Joinder.* Two or more grounds of complaint involving the same purposes, subject, or state of facts, may be included in one complaint, but should be separately stated and numbered; and two or more complainants may join in one complaint if their respective causes of complaint are against the same defendant or defendants, and involve substantially the same purposes and subject, and a like state of facts.

(d) *Orders to show cause.* Whenever the Commission desires to institute a proceeding against any person under statutory or other authority, the Commission may commence such action by an order to show cause setting forth the grounds for such action. Said order will contain a statement of the particulars and matters concerning which the Commission is inquiring, which shall be deemed to be tentative and for the purpose of framing issues for consideration and decision by the Commission in the proceeding, and the order will require that the respondent named respond orally, or in writing (as provided in § 1.9 (c)), or both.

§ 1.8 *Intervention—(a) Initiation of intervention.* Participation in a proceeding as an intervener may be initiated as follows:

(1) By the filing of a notice of intervention by a State Commission, including any regulatory body of the State or municipality having jurisdiction to regulate rates and charges for the sale of electric energy, or natural gas, as the case may be, to consumers within the intervening State or municipality.

(2) By order of the Commission upon petition to intervene.

(b) *Who may petition.* A petition to intervene may be filed by any person claiming a right to intervene or an interest of such nature that intervention is necessary or appropriate to the administration of the statute under which the proceeding is brought. Such right or interest may be:

(1) A right conferred by statute of the United States;

(2) An interest which may be directly affected and which is not adequately represented by existing parties and as to which petitioners may be bound by the Commission's action in the proceeding (the following may have such an interest: consumers served by the applicant, defendant, or respondent; holders of securities of the applicant, defendant, or respondent; and competitors of the applicant, defendant, or respondent).

(3) Any other interest of such nature that petitioner's participation may be in the public interest.

(c) *Form and contents of petitions.* Petitions to intervene shall set out clearly and concisely the facts from which the nature of the petitioner's alleged right or interest can be determined, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering, specifically and in detail, each material allegation of fact or law asserted in the proceeding, and citing by appropriate reference the statutory provisions or other authority relied on. They shall in other respects comply with the requirements of §§ 1.15 and 1.16.

(d) *Filing and service of petitions.* Petitions to intervene and notices of intervention shall be filed with the Commission within the time provided in any notice of the proceeding or in the order fixing date of hearing, but not less than 10 days before the date set for the commencement of the hearing, if any, except as otherwise specifically permitted by the Commission in extraordinary circumstances for good cause shown. Service shall be made as provided in § 1.17. Where a person has been permitted to intervene notwithstanding his failure to file his petition within the time prescribed in this paragraph, the Commission or presiding officer may, where the circumstances warrant, admit any exhibit in evidence without requiring additional copies thereof to be produced for such intervenor.

(e) *Answers to petitions.* Any party to the proceeding or staff counsel may file an answer to a petition to intervene, and in default thereof, may be deemed to have waived any objection to the granting of such petition. If made, answers shall

be filed within 10 days after the date of service of the petition, but not later than 5 days prior to the date set for the commencement of the hearing, if any, unless for cause the Commission with or without motion shall prescribe a different time. They shall in all other respects conform to the requirements of §§ 1.15 to 1.17, inclusive.

(f) *Notice and action on petitions—*

(1) *Notice and service.* Petitions to intervene, when tendered to the Commission for filing, shall show service thereof upon all participants to the proceeding in conformity with § 1.17 (b).

(2) *Action on petitions.* As soon as practicable after the expiration of the time for filing answers to such petitions or default thereof, as provided in paragraph (e) of this section, the Commission will grant or deny such petition in whole or in part or may, if found to be appropriate, authorize limited participation. No petitions to intervene may be filed or will be acted upon during a hearing unless permitted by the Commission after opportunity for all parties to object thereto. Only to avoid detriment to the public interest will any presiding officer tentatively permit participation in a hearing in advance of, and then only subject to, the granting by the Commission of a petition to intervene.

(g) *Limitation in hearings.* Where there are two or more intervenors having substantially like interests and positions, the Commission or presiding officer may, in order to expedite the hearing, arrange appropriate limitations on the number of attorneys who will be permitted to cross-examine and make and argue motions and objections on behalf of such intervenors.

§ 1.9 *Answers—*(a) *Answers to formal complaints and petitions.* Answers to formal complaints and petitions, other than petitions to intervene, shall be filed with the Commission within 30 days after the date of service, unless for cause the Commission with or without motion shall prescribe a different time, but in no case shall answer be required in less than 10 days after the date of service. Any defendant failing to file answer within such period shall be deemed in default, and all relevant basic facts stated in such complaint or petition may be deemed admitted. All answers shall be in writing and under oath, and so drawn as fully and completely to advise the parties and the Commission as to the nature of the defense. They shall admit or deny specifically and in detail each material allegation of the pleading answered, and state clearly and concisely the facts and matters of law relied upon. They shall conform to the requirements of §§ 1.15 to 1.17, inclusive.

(b) *Answers to petitions to intervene.* See § 1.8 (e).

(c) *Answers to orders to show cause.* Any person upon whom an order to show cause has been served under § 1.6 shall, if directed so to do, respond to the same by filing within the time specified in said order an answer in writing and under oath. Such answer shall be drawn so as specifically to admit or deny the allegations or charges which may be made in

said order, set forth the facts upon which respondent relies, and state concisely the matters of law relied upon. Mere general denials of the allegations of said order unsupported by specific facts upon which respondent relies will not be considered as complying with the order and may be deemed a basis for entry of a final order without hearing, unless otherwise required by statute, on the ground that the response has raised no issues requiring a hearing or further proceedings. Any respondent failing to file answer within the time allowed shall be deemed in default, and all relevant facts stated in said order to show cause may be deemed admitted. Such answer shall otherwise conform to the requirements of §§ 1.15 to 1.17, inclusive.

(d) *Answers to motions.* See § 1.12 (c).

(e) *Defendants seeking affirmative relief.* Defendants seeking relief against other parties in a proceeding by reason of the presence of common questions of law or fact shall set forth in their answer the facts constituting the grounds of complaint, the provisions of the statutes, rules, regulations, or orders relied upon, the injury complained of, and the relief sought. The answer shall in all other respects, conform to the requirements of this section and §§ 1.15 to 1.17, inclusive.

(f) *Replies to defendants seeking affirmative relief.* Unless otherwise ordered by the Commission, replies to answers seeking affirmative relief must be filed and served within 15 days after the service of the answer, but not later than 5 days prior to the date set for the commencement of the hearing, if any. They shall in all other respects conform to the requirements of §§ 1.15 to 1.17, inclusive.

(g) *Answers to amendments of pleadings.* Any party to a proceeding or staff counsel may file an answer to any amendment, modification or supplement to an application, complaint, petition or other pleading. If made, answers shall be filed within 15 days after the date of service of the amendment, modification or supplement, unless for cause the Commission or presiding officer with or without motion shall prescribe a different time. They shall in all other respects conform to the requirements of §§ 1.15 to 1.17, inclusive.

(h) *Satisfaction of complaints.* If the defendant satisfies a formal complaint either before or after answering, a statement to that effect signed by the opposing parties shall be filed, setting forth when and how the complaint has been satisfied and requesting dismissal. Such statements shall be served upon all parties, and the original copies of such statements, when filed, shall show service on all parties, and in other respects shall conform to the requirements of §§ 1.15 to 1.17, inclusive; all additional copies shall be conformed thereto.

§ 1.11 *Amendments and withdrawal of pleadings—*(a) *Amendments.* Any modification or supplement to an application, complaint, petition or other pleading shall be deemed as an amendment to the pleading, and shall comply with the requirements of the rules of this chapter relating to the pleading amended in so far as appropriate and in all other re-

spects shall conform to the requirements of §§ 1.15 to 1.17, inclusive. Upon its own motion or upon motion promptly filed by any participant, the Commission may for good cause decline to permit, or may strike in whole or in part, any amendment. No amendment to a pleading may be filed within 5 days next preceding the commencement of or during a hearing unless directed or permitted by the Commission or the presiding officer after opportunity for all parties to be heard thereon.

(d) *Withdrawal of pleadings.* A participant desiring to withdraw a pleading filed with the Commission may file a notice of withdrawal thereof with the Commission. Such notice shall set forth the reasons for the withdrawal and conform to the requirements of this section and §§ 1.15 to 1.17, inclusive, as to copies, form, service, subscription, and verification. A certificate shall accompany every notice showing service on all participants. Unless otherwise ordered by the Commission for good cause, such notice shall, 30 days after the filing thereof, be deemed to have effected the withdrawal of the pleading, including amendments, if any: *Provided, however,* That this paragraph shall not be construed as effecting, without express permission of the Commission, withdrawal of:

(1) Any pleading in any proceeding in which a hearing has been held or convened;

(2) Any formal complaint, answer thereto, response to order to show cause, or any amendment to any of the aforesaid pleadings;

(3) Any declaration of intention or application for license, or amendment thereof, under Part I of the Federal Power Act.

§ 1.12 *Motions*—(a) *Scope and contents.* After a hearing has commenced in a proceeding, a request may be made by motion for any procedural or interlocutory ruling or relief desired except as may be expressly provided for in §§ 1.5, 1.6, 1.7 (b) and (c), 1.8, 1.9, 1.10 and 1.11. Other motions may be made as provided for elsewhere in this part. Motions shall set forth the ruling or relief sought, and state the grounds therefor and the statutory or other authority relied upon.

(b) *Presentation.* The requirements of §§ 1.15 to 1.17, inclusive, shall apply to all written motions. Motions made during hearings may be stated orally upon the record, *Provided, however,* That the Commission or presiding officer may require that such motions be reduced to writing and filed separately.

(c) *Objections.* Any party or staff counsel shall have ten days within which to answer or object to any motion unless the period of time is otherwise fixed by the Commission or presiding officer.

(d) *Rulings on.* The presiding officer designated to preside at a hearing is authorized to rule upon any motion not formally acted upon by the Commission prior to the commencement of the hearing where immediate ruling is essential in order to proceed with the hearing, and

upon any motion filed or made after the commencement thereof and prior to the submission of his initial or recommended decision in the proceedings, *Provided, however,* That no motion made before or during a hearing, a ruling upon which would involve or constitute a final determination of the proceeding, shall be ruled upon by a presiding officer except as a part of either his initial or recommended decision submitted after the conclusion of the hearing, *Provided, further,* That this section shall not be construed as precluding a presiding officer, within his discretion, from referring any motion to the Commission for ultimate determination. The Commission will rule upon all other motions and upon such motions as presiding officers may certify to the Commission for disposition.

§ 1.13 *Time; extensions of time; Issuance of orders*—(a) *Computation of time.* Except as otherwise provided by law, in computing any period of time prescribed or allowed by this part, by any rule, regulation, or order of the Commission, or by any applicable statute, the day of the act, event, or default from or after which the designated period of time begins to run shall not be included, but the last day of the period so computed shall be included, unless it is a Saturday, Sunday, or a legal holiday in the District of Columbia, in which event the period shall run until the end of the next day which is not a Saturday, Sunday, or a holiday. A part-day holiday shall be considered as other days and not as a holiday.

(b) *Issuance of orders.* In computing any period of time involving the date of the issuance of an order by the Commission, the day of issuance of an order shall be the day the Office of the Secretary mails or delivers copies of the order (full text) to the parties or their attorneys of record, or makes such copies public, whichever be the earlier. Orders will not be made public prior to the mailing or delivery to the parties or their attorneys of record, except where, in the judgment of the Commission, the public interest so requires. The day of issuance of an order may or may not be the day of its adoption by the Commission. In any event, the Office of the Secretary shall clearly indicate on each order the date of its issuance. At the time any intermediate initial or tentative decision becomes effective as a decision of the Commission in the absence of Commission review as provided for by §§ 1.30 and 1.31, the Secretary will issue and serve upon the parties of record an appropriate notice of the date such decision became effective as a Commission decision or order.

(c) *Effective dates of orders.* Orders of the Commission shall be effective as of the dates of issuance unless otherwise specifically provided in the orders.

(d) *Extensions of time.* Except as otherwise provided by law, whenever by any rule, regulation, or order of the Commission, or any notice given thereunder, an act is required or allowed to be done at or within a specified time, the time fixed or the period of time prescribed may, by the Commission or the presiding officer, for good cause be ex-

tended upon motion made before expiration of four-fifths of the period originally prescribed or as previously extended; and upon motion made after the expiration of the specified period, the act may be permitted to be done where reasonable grounds are shown for the failure to act.

(e) *Continuances.* Except as otherwise provided by law, the Commission may for good cause at any time, with or without motion, continue or adjourn any hearing. A hearing before the Commission or a presiding officer, shall begin at the time and place ordered by the Commission, but thereafter may be adjourned from time to time or from place to place by the Commission or the presiding officer.

(f) *Requests for continuance, time extensions.* Except as otherwise provided by law, requests for continuance of hearings or for extensions of time in which to perform any act required or allowed to be done at or within a specified time by any rule, regulation, or order of the Commission, shall be by motion in writing, timely filed with the Commission, stating the facts on which the application rests, except that during the course of a hearing in a proceeding, such requests may be made by oral motion in the hearing before the Commission or the presiding officer. Written motions filed under this section shall conform to the requirements of §§ 1.12, and 1.15 to 1.17, inclusive.

§ 1.15 *Formal requirements as to pleadings, documents, and other papers filed in proceedings.* * * *

(b) *Copies.* Except as may be otherwise required by the rules or regulations of the Commission, or ordered or requested by the Commission, at the time pleadings, documents, or other papers other than correspondence, are filed with the Commission, there shall be furnished to the Commission an original and 19 confirmed copies of such papers and exhibits, if any: *Provided, however,* When service is made by the parties, or service is not required to be made, only an original and 14 confirmed copies need be filed. (See § 1.17 (f) re service and § 1.26 (c) (5) re exhibits in hearings).

§ 1.16 *Subscription and verification*—(a) *Subscription*—(1) *By whom.* Applications, formal complaints, petitions and other pleadings, amendments thereto, notices, reports, exhibits, and other requests, submittals, or statements filed with the Commission shall be subscribed: (1) by the person filing the same, and severally if there be more than one person so filing; (2) by an officer thereof if it be a corporation, trust, association, or other organized group; (3) by an officer or employee thereof if it be a State commission, a department or political subdivision of a State, or other governmental authority, agency, or instrumentality; or (4) by an attorney having authority with respect thereto. Applications, formal complaints, petitions to intervene and petitions initiating proceedings, filed by any corporation, trust, association, or other organized group, may be required to be supplemented by appropriate evidence of the authority of

the officer or attorney subscribing such pleadings.

(2) *Effect.* The signature of the person, officer or attorney subscribing any pleading or matter filed with the Commission constitutes a certificate by such individual that he has read the pleading or matter being subscribed and filed, and knows the contents thereof; that if executed in any representative capacity, the matter has been subscribed and executed in the capacity specified upon the pleading or matter filed with full power and authority so to do; that the contents are true as stated, except as to matters and things, if any, stated on information and belief, and that as to those matters and things, he believes them to be true.

(b) *Verification.* Any facts alleged in the matter filed shall be verified under oath by the person filing, an officer, or other person having knowledge of the matters set forth. If the verification be by any one other than the person filing or other than an officer thereof, it shall include a statement of the reason therefor.

§ 1.17 Service. * * *

(e) *Certificate of service.* There shall accompany and be attached to the original of each pleading, document, or other paper filed with the Commission, when service is required to be made by the parties, a certificate of service in the form prescribed, 18 CFR 131.1, 250.1. All other copies filed shall be fully conformed thereto.

(f) *Copies.* Where service is made by the parties, or service is not required to be made, save to the extent a different number is required by the Commission's rules and regulations governing the specific filing, an original and 14 conformed copies of such pleadings, documents, or other papers, together with exhibits, if any, shall be filed with the Commission in lieu of the original and 19 conformed copies required by § 1.15 (b). (See § 1.26 (c) (5) re exhibits in hearings.)

§ 1.18 *Prehearing conferences—Offers of settlement.*—(a) *To adjust or settle proceedings.* In order to provide opportunity for settlement of a proceeding, or any of the issues therein, there may be held at any time prior to or during hearings before the Commission or a presiding officer designated to preside at conferences or hearings, such informal conferences of parties and staff counsel for the submission and consideration of facts, arguments, offers of settlement, or proposals of adjustment as time, the nature of the proceeding, and the public interest may permit.

(b) *To expedite hearings.* To expedite the orderly conduct and disposition of any hearing, at such prehearing conferences as may be held, there may be considered, in addition to any offers of settlement or proposals of adjustment, the possibility of the following:

- (1) The simplification of the issues;
- (2) The exchange and acceptance of service of exhibits proposed to be offered in evidence;
- (3) The obtaining of admission as to, or stipulations of, facts not remaining in dispute, or the authenticity of documents

which might properly shorten the hearing;

(4) The limitation of the number of expert witnesses;

(5) Such other matters as may properly be dealt with to aid in expediting the orderly conduct and disposition of the proceeding.

(c) *Initiation of conferences.* The Commission with or without motion may direct that a prehearing conference be held. Upon motion by a party or staff counsel timely filed, a presiding officer designated to preside at the hearing or such other officer as may be designated may direct the attorneys for the parties to such proceedings and staff counsel to appear for a prehearing conference to consider the matters outlined in paragraph (b) of this section. Due notice of the time and place of such conference will be given to all parties to the proceeding and staff counsel.

(d) *Conference results stipulated.* Upon conclusion of a prehearing conference, attorneys for the parties and staff counsel shall immediately reduce the results thereof to the form of a written stipulation which recites the matters agreed upon, and 10 copies thereof shall forthwith be filed with the Commission by the presiding officer of such conference. Such stipulations may be received in evidence at a hearing and, when so received, shall be binding on the parties and staff counsel with respect to the matters therein stipulated.

(e) *Offers of settlement.* Nothing contained in this Section shall be construed as precluding any party to a proceeding from submitting at any time offers of settlement or proposals of adjustment to all parties and to the Commission (or to staff counsel for transmittal to the Commission), or from requesting conferences for such purpose. Unaccepted proposals of settlement or of adjustment or as to procedure to be followed and proposed stipulations not agreed to shall be privileged and shall not be admissible in evidence against any counsel or person claiming such privilege.

§ 1.19 *Notice.*—(a) *Rule making.* Before the adoption of any rule or the commencement of any hearing on any proposed rule making, the Commission will cause general notice to be given by publication in the FEDERAL REGISTER (unless all persons subject thereto are named and either personally served or otherwise have actual notice thereof in accordance with law), such notice to be filed with the FEDERAL REGISTER not less than 15 days prior to the date fixed for the consideration of the adoption of a proposed rule or rules or for the commencement of the hearing, if any, on the proposed rule making, except where a shorter period is reasonable and good cause exists therefor. Such notice will state the time, place, and nature of the proceeding, recite the authority under which the rule is proposed to be adopted and promulgated, and include either the terms or substance of the proposed rule or a description of the subjects and issues involved to inform interested persons of the nature of the proceeding, so as to permit any interested person to submit

views, data, or proposals relative thereto; and such notice will set forth a time period in which interested persons may submit written data, views, or arguments concerning the proposed rule, indicating also whether opportunity for oral presentation or public hearing is contemplated; *Provided, however, That:*

(1) Where the Commission, for good cause, finds it impracticable, unnecessary, or contrary to the public interest to give such notice, it may proceed with the adoption of rules without notice by incorporating therein a finding to such effect and a concise statement of the reasons therefor;

(2) Except where notice or hearing is required by statute, the Commission may issue at any time rules of organization, procedure or practice, or interpretative rules, or statements of policy, without notice or public proceedings; and

(3) This section is not to be construed as applicable to the extent that there may be involved any military, naval or foreign affairs function of the United States, or any matter relating to the Commission's management or personnel, or to United States property, loans, grants, benefits, or contracts.

§ 1.20 Hearings. * * *

(b) *Consolidation.* The Commission, upon its own motion, or upon motion by a party or staff counsel, may order proceedings involving a common question of law or fact to be consolidated for hearing of any or all the matters in issue in such proceedings.

(k) *Transcript and record.* Hearings shall be stenographically reported by the official reporter of the Commission, and a transcript of said report shall be a part of the record and the sole official transcript of the proceeding. Such transcripts shall include a verbatim report of the hearings; nothing shall be omitted therefrom except as is directed on the record by the Commission or the presiding officer. After the closing of the record, there shall not be received in evidence or considered as part of the record any document, letter, or other writing submitted after the close of testimony except as provided in paragraph (j) of this section, or changes in the transcript as provided in paragraph (1) of this section.

§ 1.23 *Subpenas.*—(a) *Issuance.* Subpenas for the attendance of witnesses or for the production of documentary evidence, unless directed by the Commission upon its own motion, will issue only upon application in writing to the Commission or the presiding officer, except that during sessions of a hearing in a proceeding, such application may be made orally on the record before the Commission or presiding officer, who is hereby given authority to determine the relevancy and materiality of the evidence sought and to issue such subpenas in accordance with such determination. Such written applications shall be verified and shall specify as nearly as may be the general relevance, materiality, and scope of the testimony or documen-

RULES AND REGULATIONS

tary evidence sought, including, as to documentary evidence, specification as nearly as may be, of the documents desired and the facts to be proved by them in sufficient detail to indicate the materiality and relevance of such documents.

§ 1.24 *Depositions*—(a) *When permissible*. The testimony of any witness may be taken by deposition, upon application by a participant in a proceeding pending before the Commission, at any time before the hearing is closed, upon approval by the Commission or the presiding officer.

(e) *Oath and reduction to writing*. Every person whose testimony is taken by deposition shall be sworn, or shall affirm concerning the matter about which he shall testify, before any questions are put or testimony given. The testimony shall be reduced to writing by the Officer, or under his direction, after which the deposition shall be subscribed by the witness and certified in the usual form by the Officer. Unless otherwise directed in the authorization, after the deposition has been subscribed and certified, it shall, together with the number of copies specified in the authorization, the copies being made by such Officer or under his direction, be forwarded by such Officer in a sealed envelope addressed to the Commission at its office in Washington 25, D. C., with sufficient stamps for postage affixed. Upon receipt thereof, the Secretary shall file the original in the proceeding and shall forward a copy to each party or his attorney of record and to staff counsel.

(h) *Not part of record unless received in evidence*. No part of a deposition shall constitute a part of the record in the proceeding, unless received in evidence by the Commission or presiding officer. Objection may be made at the hearing in the proceeding to receiving in evidence any deposition or part thereof for any reason which would require the exclusion of the evidence if the witnesses were then present and testifying.

§ 1.25 *Stipulations*.

(b) *Form, style, and service*. Stipulations shall conform to the applicable requirements of §§ 1.15 to 1.17, inclusive, except stipulations made orally on the record during hearings.

§ 1.26 *Evidence*—(a) *Form and admissibility*. In any proceeding before the Commission or a presiding officer relevant and material evidence shall be admissible, but there shall be excluded such evidence as is unduly repetitious or cumulative, or such evidence as is not of the kind which would affect reasonable and fair-minded men in the conduct of their daily affairs.

(c) *Documentary*.

(3) *Records in other proceedings*. When any portion of the record in any other proceeding before the Commission is offered in evidence and shown to be relevant and material to the instant proceeding, a true copy thereof shall be presented in the form of an exhibit, together

with additional copies as provided in subparagraph (5) of this paragraph, unless:

(i) The participant offering the same agrees to supply, within a period of time specified by the Commission or the presiding officer, such copies at his own expense, if and when so required; and

(ii) The portion is specified with particularity in such manner as to be readily identified, and upon motion is admitted in evidence by reference to the records of the other proceeding.

(4) *Form and size*. Wherever practicable, all exhibits of a documentary character received in evidence shall be on paper of good quality and so prepared as to be plainly legible and durable, whether printed, photostated or type-written, and shall conform to the requirements of § 1.15 whenever practicable.

(5) *Copies to parties and Commission*. Except as otherwise provided in these rules, when exhibits of a documentary character are offered in evidence, copies shall be furnished to the presiding officer and to the parties or counsel, including staff counsel, unless the Commission or the presiding officer otherwise directs. In addition, unless otherwise directed by the Commission or the presiding officer, 4 copies of each exhibit of documentary character shall be furnished for the use of the Commission.

§ 1.27 *Presiding officers*—(a) *Designation*. When evidence is to be taken in a proceeding, either the Commission, or, when duly designated for that purpose, one or more of its members, examiners, or other representative appointed according to law, may preside at the hearing.

(b) *Authority delegated*. Presiding officers duly designated by the Commission to preside at hearings shall have the authority, within the Commission's powers and subject to its published rules, as follows:

- (1) To regulate the course of hearings;
- (2) To administer oaths and affirmations;
- (3) To issue subpoenas;
- (4) To rule upon offers of proof and receive evidence;
- (5) To take or cause depositions to be taken;
- (6) To hold appropriate conferences before or during hearings;
- (7) To dispose of procedural matters but not, before their initial or recommended decisions, to dispose of motions made during hearings to dismiss proceedings or other motions which involve final determination of proceedings;
- (8) Within their discretion, or upon direction of the Commission, to certify any question to the Commission for its consideration and disposition;
- (9) To submit their initial or recommended decisions in accordance with § 1.30;
- (10) To take any other action necessary or appropriate to the discharge of the duties vested in them, consistent with the statutory or other authorities under which the Commission functions and with the rules, regulations, and policies of the Commission.

§ 1.28 *Appeals to Commission from rulings of presiding officers*—(a) *During hearing*. Rulings of presiding officers may not be appealed from during the course of hearings except in extraordinary circumstances where prompt decision by the Commission is necessary to prevent detriment to the public interest. In such instance the matter shall be referred forthwith by the presiding officer to the Commission for determination.

(b) *Offers of proof*. Any offer of proof made in connection with an objection taken to any ruling of the presiding officer rejecting or excluding proffered oral testimony shall consist of a statement of the substance of the evidence which counsel contends would be adduced by such testimony; and if the excluded evidence consists of evidence in documentary or written form or of reference to documents or records, a copy of such evidence shall be marked for identification and shall constitute the offer of proof.

§ 1.29 *Briefs and oral arguments before presiding officers and proposed findings and orders*.

(e) *Briefs, filing and service*. Briefs not filed and served on or before the dates fixed therefor shall not be accepted for filing, except by special permission of the Commission or the presiding officer. All briefs shall be accompanied by a certificate showing service upon all parties or their attorneys who appeared at the hearing or on brief, and except where filing of a different number is permitted or directed by the Commission or presiding officer, 20 copies of each brief shall be furnished for the use of the Commission. Requests for the extension of time in which to file briefs shall conform to the requirements of § 1.13, and shall be filed at least five days before the time fixed for filing such briefs.

§ 1.30 *Decisions*—(a) *Initial decisions by presiding officers*. In proceedings in which the Commission has not presided at the reception of evidence, except as otherwise provided in this part, the presiding officer, as soon as practicable after the conclusion of the hearing and expiration of the time for filing of briefs, shall certify and file with the Secretary, for the Commission, a copy of the record of the hearing, including his report thereon. Except as otherwise provided, such presiding officer's report shall constitute the initial decision, which shall be served upon all parties, or their attorneys of record, and staff counsel, who may file exceptions in the manner and within the time provided in § 1.31.

(c) *Waiver and omission of intermediate decision procedure*. (1) In lieu of any intermediate decision (initial by presiding officer, recommended by presiding officer or designated responsible officer, or tentative by the Commission), any party or staff counsel in any proceeding may request all other parties and staff counsel concurring in such request, that the Commission forthwith render the final decision. In such re-

quests for omitting the intermediate decision procedure there shall be specified:

(i) The concurrence of the other parties and staff counsel;

(ii) Whether opportunity for presenting oral argument or filing briefs before the presiding officer or Commission is desired or waived;

(iii) Whether opportunity for presenting proposed findings and conclusions with supporting reasons therefor, is desired or waived; and

(iv) Whether the parties reserve only their rights to apply to the Commission for rehearing and to petition for judicial review of the Commission's decision or order as may be provided for by the statute under which the proceeding was initiated and conducted.

(2) In rule-making or initial licensing proceedings the Commission, with or without request or motion therefor, may render the decision upon a finding on the record that due and timely execution of its functions imperatively and unavoidably so requires.

(3) Requests for waiver and omission of the intermediate decision procedure shall be by motion filed with the Commission at any time during, but not less than five days next following, the conclusion or adjournment sine die of the hearing; shall be in writing under oath, subscribed and verified; and shall in all other respects conform to the requirements of §§ 1.12 and 1.15 to 1.17, inclusive; *Provided, however*, That during sessions of hearings in proceedings, motions for such waiver and omission may be made orally on the record before the presiding officer, who shall forthwith report the same to the Commission.

(d) *Final decisions.* All decisions of the Commission shall be final (subject only to application for rehearing provided for by the statute under which the proceeding is initiated and conducted), except tentative decisions that may be issued in rule-making or determining applications for initial licenses as herein provided. Final decisions shall include:

(1) Decisions by the Commission in proceedings in which the Commission has presided at the reception of evidence;

(2) Decisions upon appeal of intermediate decisions to the Commission by the parties or staff counsel, by filing exceptions in the manner and time provided by § 1.31, or upon review initiated by the Commission within 10 days next following the expiration of the time for filing exceptions under the aforesaid Section, or such other time as the Commission may fix in specific cases;

(3) Intermediate initial or tentative decisions, upon the expiration of the time provided for an appeal to or review by the Commission without such appeal or review having been initiated;

(4) Decisions by the Commission in rule-making, or initial licensing proceedings, in which the Commission omits the intermediate decision procedure upon a finding that due and timely execution of its functions imperatively and unavoidably so requires;

(5) Decisions by the Commission in proceedings in which, under the provisions of paragraph (c) of this section all

parties and staff counsel have waived or concurred in the waiving and omission of the intermediate decision procedure, and in lieu thereof have requested that the Commission forthwith render the final decision, and in which the Commission has not denied such request within 10 days next following its filing; and

(6) Decisions by the Commission in shortened proceedings as provided in § 1.32.

§ 1.31 *Exceptions to intermediate decisions and briefs and oral arguments before Commission.*—(a) *Exceptions, filing of.* Any party or staff counsel desiring to appeal to the Commission may, within 20 days after the service of a copy of an intermediate decision (initial or recommended by subordinates, or tentative by Commission), or such other time as may be fixed by the Commission, file exceptions thereto.

(c) *Failure to except results in waiver.* Failure to file exceptions within the time allowed under this section shall constitute a waiver of all objections to the intermediate decision served. No matter not included in the exceptions filed as provided in this Section may thereafter be objected to before the Commission upon brief or oral argument, or in an application for Commission rehearing; and any matter not included in such exceptions shall be deemed waived. Exceptions covering rulings admitting or excluding evidence not objected to at the time the rulings were made, will be unavailing.

(d) *Briefs and oral argument before Commission.* * * *

(2) *Hearing before presiding officer.* In proceedings in which the Commission has not presided at the reception of the evidence, any party or staff counsel may file a motion requesting opportunity to present oral argument or to file briefs concerning matters before the Commission for decision, except that where exceptions have been filed, they shall constitute the brief before the Commission. Such motions may be filed at any time during a proceeding, but not later than the time permitted for the filing of exceptions to the intermediate decision, *Provided, however*, That opportunity to file briefs or to make oral argument may be requested in motions for waiver of intermediate decisions, as provided in § 1.30 (c).

(e) *Briefs and arguments, contents and scope.* When the Commission has presided at the reception of the evidence, or when the parties have waived the intermediate decision procedure, briefs and arguments before the Commission may include and present for consideration the matters as provided in § 1.29 relating to briefs and oral arguments before presiding officers, and in all other respects, as applicable, such arguments and briefs shall conform to the requirements of the aforesaid section. In all other proceedings, briefs, and oral arguments before the Commission may include those matters that may properly be included and presented in exceptions to intermediate decisions, subject to the same conditions contained in paragraph (c) of this section.

(f) *Exceptions and briefs, form and service.* Exceptions and briefs shall conform to the requirements as applicable of §§ 1.15 and 1.17, as to copies, form, and service, 15 copies thereof being filed with the Commission, in addition to the copies served on the parties to the proceedings.

§ 1.32 *Shortened procedures.* * * *

(b) *Noncontested proceedings.* In any proceeding required by statute to be set for hearing, the Commission when it appears to be in the public interest and to the interest of the parties to grant the relief or authority requested in the initial pleading, and to omit the intermediate decision procedure, may after a hearing during which no opposition or contest develops, forthwith dispose of the proceeding upon consideration of the pleadings and other evidence filed and incorporated in the record; *Provided*, (1) the applicant or initial pleader requests that the intermediate decision procedure be omitted and waives oral hearing and opportunity for filing exceptions to the decision of the Commission; and (2) no issue of substance is raised by any request to be heard, protest or petition filed subsequent to publication in the *FEDERAL REGISTER* of the notice of the filing of an initial pleading and notice or order fixing date of hearing, which notice or order shall state that the Commission considers the proceeding a proper one for disposition under the provisions of this section, and shall otherwise conform with the requirements of § 1.19. Requests for the procedure provided by this section may be contained in the initial pleading or subsequent request in writing to the Commission. The decision of the Commission in such proceeding after noncontested hearing, will be final, subject to reconsideration by the Commission upon application for rehearing as provided by statute.

TITLE 32—NATIONAL DEFENSE

Chapter VII—Sugar Rationing Administration, Department of Agriculture

[Gen. RO 20]

PART 705—ADMINISTRATION

General Ration Order 20 is issued to read as follows:

Preamble. On March 31, 1947 the Sugar Control Extension Act of 1947 was enacted, extending sugar price and rationing controls to October 31, 1947, and inventory controls until March 31, 1948, or such earlier dates as the Secretary of Agriculture might determine to

be appropriate in the light of the sugar supply situation.

At the time this act became law, the allocation of sugar out of the world supply to the United States was 6,800,000 tons for the calendar year 1947. Out of this supply, the Secretary of Agriculture was directed to allocate sugar to consumers at a rate of not less than 35 pounds of sugar per capita during the year, and, in addition, to devote any increased allocation of sugar to consumers alone until the rate of consumer sugar allocation reached at least 50 pounds per capita for the year.

Consumer use of sugar varies widely within the United States, depending on such factors as individual tastes, desire for home canning, availability of and desire to utilize commercially prepared sugar-containing products, and many others. In the past, when sugar rationing was carried on with the help of 5,500 Local Boards, home canning needs of individual consumers, which are a major factor in quantitative variations in consumer use of sugar, could administratively be handled on an individual basis, satisfying within the limits of the total available supply, all consumer needs in their varying quantities. Now, with only 42 Branch Offices administering sugar rationing throughout the country, home canning needs cannot be handled on an individual basis. It is impossible to devise any practicable system for distributing sugar to consumers in relation to their individual needs, since these vary so widely by geographic area, and within each such area. Accordingly, sugar rationing to consumers has had to be carried on by uniform validation of ration stamps of equal value for all consumers, and for all consumer purposes, regardless of the need of some individuals for greater or lesser amounts.

This month an increase in the overall sugar allocation to this country from 6,800,000 tons to 7,150,000 tons for the year 1947 has been made. This means that, under the legislative mandate, allocations for consumer use can and will be increased. Although this will not fully meet the needs of high-use consumers, many consumers will receive a right to get more sugar than they want, and the disparity between actual use by consumers, and the amount allotted to that purpose will increase. This would result in the paradoxical situation wherein, while total supply is still inadequate to meet total, unrestricted demand, a surplus will be created of the amount which low-use consumers will not consume out of the total consumer allocation.

If consumers should be permitted to purchase sugar without restriction, no such artificial surplus would result. However, in order to comply with the spirit of the legislative mandate, and, wholly apart therefrom, to assure consumers a fair share of the total, and still not wholly adequate supply, it would be necessary to restrict other users to their previously determined share of the total available supply.

This order is designed to achieve both results. It permits consumers and institutional users to purchase sugar with-

out ration evidences. It also continues the limitations on use of sugar by industrial users, such as bakers, bottlers, and other industrial sugar users which have thus far been in force. Further, these are implemented by record keeping requirements.

Aside from consumers, industrial users bulk largest in actual consumption of sugar. Institutional users use only a small percentage of the total sugar supply, though they are substantially greater in numbers than industrial users. Institutional users generally have received sugar rations for meal services comparable as nearly as possible to the quantities of sugar available for that purpose to the household consumers. For these reasons, since consumers will be able to acquire sugar without ration evidences, institutional users are also permitted to do so, and the limitations on industrial users will assure consumers of their fair share of sugar.

Wholesalers and retailers may acquire sugar without ration evidences, but may not deliver sugar to industrial users except as provided by the other rationing regulations. In addition, wholesalers and retailers may not accept delivery of or have in inventory more than 110 percent of their allowable inventory. This represents an overall allowable inventory adjustment of 10 percent, which is made in view of the increased allocation of sugar available to the United States for this year.

Sec.

- 1 Relation of this order to other rationing regulations.
- 2 Sugar may be delivered to consumers and institutional users without ration evidences.
- 3 Restrictions applicable to industrial users are continued.
- 4 Limitations on acquisition and inventory of sugar by wholesalers and retailers.
- 5 Records.
- 6 Definitions.

AUTHORITY: § 705.6 issued pursuant to the authority vested in the Secretary of Agriculture by the Sugar Control Extension Act of 1947.

SECTION 1. Relation of this order to other rationing regulations. Except as otherwise provided in this order, or to the extent they may be inconsistent with the provisions of this order, all other provisions of the rationing regulations shall remain in full force and effect.

SEC. 2. Sugar may be delivered to consumers and institutional users without ration evidences. Sugar may be delivered to or acquired by a consumer or institutional user without surrender or receipt of ration evidences.

SEC. 3. Restrictions applicable to industrial users are continued. No industrial user may acquire or use sugar and no person may knowingly deliver sugar to any industrial user, except as permitted by the other rationing regulations.

SEC. 4. Limitations on acquisition and inventory of sugar by wholesalers and retailers. (a) Sugar may be delivered to or acquired by wholesalers and retailers without surrender or receipt of ration evidences, subject to the provisions of paragraphs (b) and (c) of this section.

(b) No wholesaler or retailer may accept delivery of, or have in inventory at any time, more sugar than 110 percent of the amount of his allowable inventory as determined under the rationing regulations.

(c) No wholesaler or retailer may receive delivery of, or have in inventory, any sugar unless and until he has been given an allowable inventory pursuant to the provisions of the rationing regulations.

(d) Wholesalers and retailers may not knowingly deliver sugar to any industrial user except as permitted by the other rationing regulations.

SEC. 5. Records.—(a) *Primary distributors and wholesalers.* In addition to the records required by Third Revised Ration Order 3, primary distributors and wholesalers must also keep as part of their records the ration checks or other evidences which industrial users are required to surrender for the delivery of sugar to them, except checks issued and dated by industrial users prior to June 12, 1947.

(b) *Retailers.* In addition to the records required by Third Revised Ration Order 3, a retailer must keep the following records at his retail establishment for each delivery made by him of more than 100 pounds of sugar or of any quantity to an industrial user:

(1) The name and address of the buyer.

(2) The address to which delivery was made.

(3) The date of delivery and the amount of sugar delivered.

(4) The ration checks or other evidences which industrial users are required to surrender for the delivery of sugar to them, except checks issued and dated by industrial users prior to June 12, 1947.

(c) *Industrial users.* In addition to the records required by the other rationing regulations, each industrial user shall keep records at his industrial user establishment, or if he has more than one such establishment registered together, at his principal place of business, showing with respect to each delivery of sugar received by him, the name and address of the person by whom the delivery was made, the address to which the delivery was made, the amount of sugar delivered and the date of delivery.

SEC. 6. Definitions. (a) As used herein the term "rationing regulations" shall mean all regulations relating to the allocation of sugar issued under, or continued in effect by, the Sugar Control Extension Act of 1947, including, but not limited to, Third Revised Ration Order 3, General Ration Order 3, Revised General Ration Order 5, General Ration Order 8, Revised General Ration Order 18, and General Ration Order 19.

(b) All other terms used herein shall have the meanings given them by the respective rationing regulations in which they are used.

This order shall become effective 12:01 a. m., June 12, 1947.

NOTE: The record keeping requirements of this order have been approved by the Bureau

of the Budget in accordance with the Federal Reports Act of 1942.

In conformity with sections 5 (e) and 8 of the Fair Labor Standards Act of 1938 (sec. 3 (c), 54 Stat. 615, sec. 8, 52 Stat. 1064; 29 U. S. C. 205 (e), 208), and with § 511.11 of the regulations issued pursuant thereto, (29 CFR, Part 511), notice is hereby given to all interested persons that a public hearing will be held beginning on July 14, 1947, at 10:00 a. m., in the Chamber of Commerce Auditorium, Tetuan Street, San Juan, Puerto Rico, for the purpose of receiving evidence to be considered by Special Industry Committee No. 5 for Puerto Rico in determining the highest minimum wage rates for all employees in Puerto Rico who within the meaning of the said act are "engaged in commerce or in the production of goods for commerce," which, having due regard to economic and competitive conditions, will not substantially curtail employment and will not give any industry in Puerto Rico a competitive advantage over any industry in the United States outside of Puerto Rico.

Before any minimum wage rates recommended by the Committee are made effective, a public hearing will be held pursuant to section 8 of the act, at a time and place to be announced by the Administrator and at which all in-

terested persons will have an opportunity to be heard.

Administrative Order No. 367 directed Special Industry Committee No. 5 to proceed first to investigate conditions and to recommend to the Administrator minimum wage rates for employees in the Sugar Manufacturing Industry and thereafter, in such order as the Committee might elect, to investigate conditions respecting, and recommend minimum wage rates for, the employees in the other enumerated industries in Puerto Rico.

Any person, who, in the opinion of the Committee or its duly authorized subcommittee, has a substantial interest in the proceeding and is prepared to present material pertinent to the question under consideration, may appear on his own behalf or on behalf of any other person. Persons wishing to appear are requested to file with Russell Sturgis, Territorial Director of the Wage and Hour Division, 606 Banco Popular Building, Tetuan and San Justo Streets, San Juan, Puerto Rico, not later than July 11, 1947, Notice of Intention to Appear, a copy of which is to be sent to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C. The Notice of Intention to Appear should contain the following information:

1. The name and address of the person appearing.

2. If he is appearing in a representative capacity, the name and address of the person or persons whom, or the organization which, he is representing.

3. A brief summary of the material intended to be presented.

4. The approximate length of time which his presentation will consume.

All testimony will be taken under oath and subject to reasonable cross-examination by any interested person present. Testimony so received will be offered as evidence at the public hearing to be held on such minimum wage recommendations as Special Industry Committee No. 5 for Puerto Rico may make.

Written statements of persons who cannot appear personally will be considered by the Committee provided that at least six copies thereof are received not later than July 14, 1947 at the Wage and Hour Division of the United States Department of Labor, 606 Banco Popular Building, Tetuan and San Justo Streets, San Juan, Puerto Rico. Any person appearing at the hearing who offers written material must submit at least six copies thereof.

Signed at San Juan, Puerto Rico, this 13th day of June 1947.

The land is situated at an elevation of one to nine feet above the normal shore line of Birch Lake. The soil is second rate sandy to stony loam supporting a dense growth of mixed timber of no commercial value.

ARKANSAS-OKLAHOMA GAS CO.

NOTICE OF APPLICATION

JUNE 16, 1947.

Notice is hereby given that on June 6, 1947, Arkansas-Oklahoma Gas Company (Applicant), a Delaware corporation having its principal place of business at Fort Smith, Arkansas, filed application with the Federal Power Commission for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize Applicant to construct and operate certain natural gas facilities subject to the jurisdiction of the Federal Power Commission, described as follows:

38,000 feet (7.2 miles) of 12 $\frac{1}{4}$ " O. D. pipeline extending from the Spiro Field, LeFlore County, Oklahoma to a point north of the Town of Spiro, Oklahoma and parallel to an existing 10 $\frac{3}{4}$ " pipeline.

Applicant represents that the proposed facilities will be used in conjunction with the facilities now in operation for the transportation of natural gas from Oklahoma for resale in the Fort Smith, Arkansas area. The proposed facilities are a segment of a contemplated line, 20 miles in length, parallel to an existing 10 $\frac{3}{4}$ " pipeline. Applicant states that the proposed facilities are required to meet future peak day demands, maintain lower operating pressures and insure against complete curtailment should a break occur in the present pipeline.

Applicant states the over-all capital cost of the proposed facilities will be approximately \$122,000. It will be financed solely out of corporate funds.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure, and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint, or concurrent hearing, together with the reasons for such request.

The application of Arkansas-Oklahoma Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946), and shall set out clearly and concisely the facts from which the nature of the petitioner's or protestant's alleged right or interest can be determined.

Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding, so as to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering specifically and in detail, each material allegation of fact or law asserted in the proceeding.
